-

Use Cases:

In order to offer maximum flexibility, Vocare courses may be engaged in numerous ways to accommodate for the needs of the individual and the local parish or school community. We anticipate the following use cases and their implications regarding cost.

Individual Use Case:

Personal Online Course Engagement

Description: Individual students access online content independently.

Cost: Students pay full price for each lesson in a badge (see the standard course costs) amounting to \$67/year.

Procedure:

- Students enroll on the Vocare website for the price of the lesson/bundle. They receive a confirmation receipt upon purchase.
 - Students complete lessons and are credited in the system accordingly.
 - Note that bundles/lessons must be completed within one calendar year of starting. The license expires after one year and access to the lessons will be denied after that.
-

Live Group Classes:

Small Group Live Class Event – No Online Content

Description: The Instructor (who must be a certified catechetical leader or principal) requests the bundle teacher manuals as a guide to teach the live class onsite event.

Cost: The teacher manuals are free to the instructor upon request; student pays \$15 for the total bundle taught within the live class format.

Procedure:

- The Instructor requests that the Archdiocesan VocareSupport creates a Live Class event for the bundle to enroll his/her students. VocareSupport will assign this person as an “Instructor” in the system for the Live Class. This will give the Instructor access to the bundle teacher manuals for free. Classes/sessions may be setup to allow the bundle to be completely covered. This will assist with event tracking and enrollment.
- The student enrolls on the Vocare website under the 'Live Class' area and selects and pays the \$15 for the event. They receive a confirmation receipt and are enrolled in the class.
- The Instructor covers all the material in the bundle, and gives students credit for the entire bundle through approving attendance.
- The Instructor marks attendance online. Each student marked complete will receive credit for the bundle.
- There is no 'make-up' for a missed lesson. Students who miss a class/session within a bundle will have to purchase the ala-carte lesson from the Vocare Enrichment area, complete the lesson and then request credit for the bundle from the VocareSupport.

Small Group Live Class Event – Instructor Has Online Course Content.

Small Group Live Class Event – Instructor and Students have Access to Online Content.
Description: Instructor invites students to engage in group discussion after individually completing a lesson or a bundle.

Cost: The Instructor and students pay full price for bundle (see the Vocare Cost for Individuals section above).

Procedure:

- Students individually complete an online lesson/bundle assigned by the Instructor.
- The Instructor gathers the small group to reinforce concepts in the online material through discussion, collaboration, activities, and prayer.

A live class event setup for this purpose will be free to the students since they gain their credit through individually completing the bundle.
